Program Manager

BUILDING & OPERATIONS

- All non-emergency lights are turned off at closing
- All exit signs are LED and open/closed signs are either LED or non-energy using
- All thermostats set lower when space is typically unoccupied (manual or automated)
- Computers and monitors set to sleep when not in use
- All cooling equipment is well-insulated and doors are kept tightly closed
- High efficiency hot water tank or on-demand water heating system installed

WASTE

- Specials are listed on menu boards (chalk or white boards, screens, etc.) rather than printing daily specials
- Straws only provided on request OR compostable straws used in place of plastic straws 
- All food waste and soiled paper are composted
- Fat, oil, and grease is collected for use as bio-fuel

WATER

- Bottled (still) water is not purchased 
- All toilets are ≤ 6.0 LpF, urinals are ≤ 1.9 LpF
- All refrigeration units are air-cooled

TRANSPORTATION

- Bicycle parking provided for staff and customers
- $\geq 50\%$ of staff commute to work by bike, transit, carpooling or walking
- $\geq 50\%$ of local couriering/deliveries made by low or zero-emission transport OR deliveries have been reduced by $\geq 50\%$
- $\geq 50\%$ of company-owned vehicles are low or zero-emission models (e.g. bicycle, EV, hybrid, smart car)

PURCHASING & PRODUCTS

- Use hydrogen peroxide bleach as an alternative to chlorine bleach
- Take-away items purchased are 100% compostable 
- At least three main ingredients are organically grown
- $\geq 80\%$ of seafood purchased is Ocean Wise™ Certified
- At least three main ingredients are grown on Vancouver Island
- Purchases $\geq 20\%$ of all beverages (alc. & non-alc.) produced in BC

SOCIAL

- Environmental values and actions are posted publically (either online or on premises)
- Annual donations made to local environmental or community-related charities of $\geq \$50$ per full-time employee
- Environmental sustainability is incorporated into the hiring process, employee orientations, and training programs

ADDITIONAL ACTIONS

- Additional action – Part of a program that makes chutneys out of dropped quince, pears, etc.
- Additional action – Switched to using much bigger kitchen fridge containers to cut down on washing, etc.
